1	Artifact Commenting	1	08 Sep 2019	

Paper Prototype

No.	Prototype	Specification

Notes

- The owner can enable of disable the comment function.

1		In the artifact detail page, all comments with sender information under this artifact are shown to user in ascending order of sending time.
		At the bottom, there is a text filed for the user to enter comment. The current user avatar is shown at the left of edit text and POST button at the right.
		By press POST button, the comment will appear at the last of all comments in the page.
